

بیانیه ای توسط ۱۱۲۸ استاد سرشناس و محقق از ۸۹ دانشگاه ترکیه و ۳۵۵ دانشگاهی کشورهای دیگر خطاب به دولت ترکیه در محکوم کردن قتلعام مناطق کردنشین و ضرورت فوری پایان دادن به حکومت نظامی در مناطق کردنشین در روز دهم ژانویه منتشر شده است. از میان متفکران سرشناس خارجی که از این بیانیه حمایت کرده اند می توان از نوام چامسکی، دیوید هاروی، آتین بالیبار، امانوئل والراشتاین ... را نام برد.

انتشار این بیانیه خشم اردوغان را به شدت برانگیخت به طوری که او هنگام سخنرانی در کنفرانس سفرای ترکیه اعلام کرد که استادان امضاء کننده این بیانیه که اقدامات دولت را قتلعام نامیده اند روشنفکر نیستند بلکه تاریک اندیش و خائن می باشند. او همچنین اعلام کرد که ما از نوام چامسکی میخواهیم که به ترکیه سفر کند تا واقعیت ها راز نزدیک مشاهده کند.

چامسکی در پاسخ به سایت خبری T24 ترکی اعلام کرد: «ترکیه داعش را متهم (به بمب گذاری در سلطان احمد) میکند، سازمانی که اردوغان به طرق بسیاری از آن حمایت کرده است و از جبهه النصره که تفاوت چندانی با داعش ندارد نیز حمایت میکند. اردوغان دانشگاهیان را در مظان اتهام قرار داده است، کسانی را که جنایات او علیه کردها را محکوم کرده اند، کردهائی که نیروی اصلی مبارزه علیه داعش در عراق و سوریه هستند. با وصف این آیا گفتن چیز دیگری ضروری است؟»

از هم اکنون رسانه های و نهادهای وابسته به حزب "عدالت و توسعه" تبلیغات علیه این دانشگاهیان را به عنوان ستون پنجم تروریسم، خائن و شروع کرده و نهادی به نام "هیئت مدیره آموزش عالی" Higher Education Board (YÖK) که حزب حاکم برای کنترل دانشگاه ها و مراکز آموزشی به وجود آورده اعلام کرده است که اقدامات انطباطی علیه این استادان برای اخراج آن ها را شروع خواهد کرد.

قمه کش بدنام و حرفه ای مانند "سادات پیکر" (Sedat Peker) که سابقه محکومیت به خاطر جنایت سازمان یافته دارد در نوشته ای خطاب به دانشگاهیان امضاء کننده این بیانیه اعلام کرده است که اکنون زنگ ها به صدا درآمده است و ما خون شما را خواهیم ریخت. " احسان یلماز " در مقاله ای در روزنامه زمان نوشت: «آیا این رویکرد ها قدم هائی به سوی فاشیسم اسلامی نیست؟ سال پیش هنگامی که یک کارشناس "حزب عدالت و توسعه" اعلام کرد که رژیم حدود سی هزار عنصر مافیائی و کانگستر در اختیار داشته و از آن ها برای مقابله با مخالفان میکند من با قاطعیت آن را رد کردم. اکنون اما دچار تردید شده ام ...»

این بیانیه به زبان های انگلیسی، فرانسه، آلمانی، عربی و یونانی ترجمه است. متن ترجمه فارسی را در زیر مشاهده خواهید کرد.

ما بخشی از این جنایت نخواهیم بود

دانشگاهیان برای صلح

دهم ژانویه ۲۰۱۶

به مثابه دانشگاهیان و محققان این کشور ما بخشی از این جنایت نخواهیم بود!

دولت ترکیه از طریق حکومت نظامی شهروندان شهرهای سور، سیلوان، نصیبین، جزى، سیلویى و بسیاری از شهرها و محلات در استان های کردنشین ترکیه را در هفته های گذشته بشکل همه جانبه ای محکوم به گرسنگی ساخته است. دولت این مناطق را با سلاح های سنگین و تجهیزاتی مورد حمله قرار داده است که در زمان جنگ به کار گرفته میشود. از پی این اقدامات، حق زندگی، آزادی و امنیت و به ویژه ممنوعیت شکنجه و بدرفتاری مندرج در قانون اساسی و کنوانسیون های بین المللی پایمال شده است.

این قتلعام آگاهانه و برنامه ریزی شده نقض جدی قوانین ترکیه و پیمان های بین المللی است که ترکیه از اعضای آن میباشد. این اقدامات نقض جدی قوانین بین المللی میباشد.

ما خواهان آن هستیم که دولت ترکیه قتلعام و اخراج اجباری کردها و سایر مردم این مناطق را متوقف سازد. ما همچنین خواهان برداشته شدن حکومت نظامی، تنبیه آنهایی که مرتکب نقض حقوق بشر شده اند و جبران خسارت های شهروندانی هستیم که متحمل صدمات مادی و روانی شده اند. برای عملی ساختن درخواست هایمان ما خواهان حضور ناظرین ملی و بین المللی مستقلی هستیم که به این مناطق دسترسی داشته و به آنها اجازه دیده بانی و گزارش حوادث به وقوع پیوسته داده شود.

ما خواهان آن هستیم که حکومت شرایط را برای مذاکرات آماده سازد و نقشه راهی را ارائه کند که به صلح پایدار که دربر گیرنده مطالبات جنبش سیاسی کرد است منجر شود. ما خواهان گنجاندن ناظرین مستقل از بخش های گسترده جامعه در این مذاکرات هستیم. ما همچنین دواطلبی مان را برای انجام وظیفه به عنوان ناظر اعلام میکنیم. ما مخالف هرشکلی از سرکوب اپوزیسیون هستیم.

ما، به عنوان دانشگاہیان و محققان که یا در ترکیه بوده و یا بر روی مسائل ترکیه کار میکنیم اعلام میکنیم که با سکوت خود بخشی از این قتلعام نبوده و خواهان قطع فوری خشونت هستیم که توسط دولت اعمال می شود. ما به تلاش خود همراه با احزاب سیاسی، پارلمان ها و افکار عمومی بین المللی تا دست یابی به درخواست هایمان ادامه خواهیم داد. برای حمایت بین المللی لطفاً امضا، نام، عنوان و نام دانشگاه خود از طریق ایمیل ضمیمه برای ما ارسال کنید.

We will not be a party to this crime! (in English, French, German, Spanish, Arabic, Russian, Greek)

Academics for Peace

10.01.2016

(for list of signatures see bottom)

As academics and researchers of this country, we will not be a party to this crime!

The Turkish state has effectively condemned its citizens in Sur, Silvan, Nusaybin, Cizre, Silopi, and many other towns and neighborhoods in the Kurdish provinces to hunger through its use of curfews that have been ongoing for weeks. It has attacked these settlements with heavy weapons and equipment that would only be mobilized in wartime. As a result, the right to life, liberty, and security, and in particular the prohibition of torture and ill-treatment protected by the constitution and international conventions have been violated.

This deliberate and planned massacre is in serious violation of Turkey's own laws and international treaties to which Turkey is a party. These actions are in serious violation of international law.

We demand the state to abandon its deliberate massacre and deportation of Kurdish and other peoples in the region. We also demand the state to lift the curfew, punish those who are responsible for human rights violations, and compensate those citizens who have experienced material and psychological damage. For this purpose we demand that independent national and international observers to be given access to the region and that they be allowed to monitor and report on the incidents.

We demand the government to prepare the conditions for negotiations and create a road map that would lead to a lasting peace which includes the demands of the Kurdish political movement. We demand inclusion of independent observers from broad sections of society in these negotiations. We also declare our willingness to volunteer as observers. We oppose suppression of any kind of the opposition.

We, as academics and researchers working on and/or in Turkey, declare that we will not be a party to this massacre by remaining silent and demand an immediate end to the violence perpetrated by the state. We will continue advocacy with political parties, the parliament, and international public opinion until our demands are met.

For international support, please send your signature, name of your university and your title to info@barisicinakademisyenler.net.

Nous, enseignants-chercheurs de Turquie, nous ne serons pas complices de ce crime !

L'État turc, en imposant depuis plusieurs semaines le couvre-feu à Sur, Silvan, Nusaybin, Cizre, Silopi et dans de nombreuses villes des provinces kurdes, condamne leurs habitants à la famine. Il bombarde avec des armes lourdes utilisées en temps de guerre. Il viole les droits fondamentaux, pourtant garantis par la Constitution et les conventions internationales dont il est signataire : le droit à la vie, à la liberté et à la sécurité, l'interdiction de la torture et des mauvais traitements.

Ce massacre délibéré et planifié est une violation grave du droit international, des lois turques et des obligations qui incombent à la Turquie en vertu des traités internationaux dont elle est signataire.

Nous exigeons que cessent les massacres et l'exil forcé qui frappent les Kurdes et les peuples de ces régions, la levée des couvre-feux, que soient identifiés et sanctionnés ceux qui se sont rendus coupables de violations des droits de l'homme, et la réparation des pertes matérielles et morales subies par les citoyens dans les régions sous couvre-feu. A cette fin, nous exigeons que des

observateurs indépendants, internationaux et nationaux, puissent se rendre dans ces régions pour des missions d'observation et d'enquête.

Nous exigeons que le gouvernement mette tout en oeuvre pour l'ouverture de négociations et établisse une feuille de route vers une paix durable qui prenne en compte les demandes du mouvement politique kurde. Nous exigeons qu'à ces négociations participent des observateurs indépendants issus de la société civile, et nous sommes volontaires pour en être. Nous nous opposons à toute mesure visant à réduire l'opposition au silence.

En tant qu'universitaires et chercheurs, en Turquie ou à l'étranger, nous ne cautionnerons pas ce massacre par notre silence. Nous exigeons que l'Etat mette immédiatement fin aux violences envers ses citoyens. Tant que nos demandes ne seront pas satisfaites, nous ne cesserons d'intervenir auprès de l'opinion publique internationale, de l'Assemblée nationale et des partis politiques.

Wir, die Akademiker/innen und Wissenschaftler/innen dieses Landes werden nicht Teil dieses Verbrechens sein!

Der Türkische Staat verurteilt seine Bürger/innen in Sur, Silvan, Nusaybin, Cizre und in vielen weiteren Orten mit wochenlangen Ausgangssperren zum Verhungern und Ausdursten. Unter kriegsartigen Zuständen werden ganze Viertel und Stadtteile mit schweren Waffen angegriffen. Das Recht auf Leben und körperliche Unversehrtheit, auf Freiheit und Sicherheit vor Übergriffen, insbesondere das Verbot von Folter und Misshandlung, praktisch alle Freiheitsrechte, die durch die Verfassung und durch die Türkei unterzeichnete internationale Abkommen unter Schutz stehen, werden verletzt und außer Kraft gesetzt.

Diese gezielt und systematisch umgesetzte gewaltsame Vorgehensweise entbehrt jeglicher rechtlicher Grundlage. Sie ist nicht nur ein schwerwiegender Eingriff in die Rechtsordnung, sondern verletzt internationale Rechtsnormen wie das Völkerrecht, an die die Türkei gebunden ist.

Wir fordern den Staat auf, diese Vernichtungs- und Vertreibungspolitik gegenüber der gesamten Bevölkerung der Region, die jedoch hauptsächlich gegen die kurdische Bevölkerung gerichtet ist, sofort einzustellen. Alle Ausgangssperren müssen sofort aufgehoben werden. Die Täter und die Verantwortlichen der Menschenrechtsverletzungen müssen zur Rechenschaft gezogen werden. Die materiellen und immateriellen Schäden, die von der Bevölkerung zu beklagen sind, müssen dokumentiert und wiedergutmacht werden. Zu diesem Zweck verlangen wir, dass nationale und internationale unabhängige Beobachter freien Zugang zu den zerstörten Gebieten erhalten, um die Situation vor Ort einzuschätzen und zu dokumentieren.

Wir fordern die Regierung auf, die Bedingungen für eine friedliche Beilegung des Konflikts zu schaffen. Hierfür soll die Regierung eine Roadmap vorlegen, die Verhandlungen ermöglicht und die Forderungen der politischen Vertretung der kurdischen Bewegung berücksichtigt. Um die breite Öffentlichkeit in diesen Prozess einzubinden, müssen unabhängige Beobachter aus der Bevölkerung zu den Verhandlungen zugelassen werden. Wir bekunden hiermit unsere Bereitschaft, freiwillig an

dem Friedensprozess teilzunehmen. Wir stellen uns gegen alle repressiven Maßnahmen, die auf die Unterdrückung der gesellschaftlichen Opposition gerichtet sind.

Wir fordern die sofortige Einstellung der staatlichen Repressionen gegen die Bürger/innen. Als Akademiker/innen und Wissenschaftler/innen dieses Landes bekunden wir hiermit, dass wir nicht Teil dieser Verbrechen sein werden und in den politischen Parteien, im Parlament und in der internationalen Öffentlichkeit, Initiative ergreifen werden, bis unser Anliegen Gehör findet.

¡Como académicos e investigadoras/es de este país, no seremos parte de este crimen!

El estado turco ha condenado a sus ciudadanos en Sur, Silvan, Nusaybin, Cizre, Silopi y otras muchas ciudades y barrios en las provincias kurdas al hambre a través del uso de toque de queda, que ha durado semanas. Ha atacado estos lugares con equipamiento y armamento pesado que normalmente se moviliza sólo en tiempos de guerra. Como resultado, el derecho a la vida, libertad y seguridad y en concreto la prohibición de tortura y malos tratos protegidos por la constitución y convenciones internacionales han sido violados.

Esta masacre deliberada y planeada es una violación seria de las propias leyes turcas y tratados internacionales de los que Turquía forma parte. Estas acciones constituyen una seria violación de la ley internacional.

Exigimos que el estado abandone esta masacre deliberada y deportación de kurdas/os y otras gentes en la región. También exigimos que el estado levante el toque de queda, castigue a aquellos responsables de las violaciones de derechos humanos, y compense a todos aquellos ciudadanos que han sufrido daños materiales y psicológicos. Por esta razón pedimos que se les de acceso a observadores nacionales e internacionales en la región y que se les permita monitorizar e informar sobre los incidentes.

Exigimos que el gobierno prepare las condiciones para negociaciones y cree una hoja de ruta que lleve hacia una paz duradera que incluya las peticiones del movimiento político kurdo. Pedimos la inclusión en estas negociaciones de observadores independientes de distintas secciones de la sociedad. También declaramos nuestra disponibilidad para participar como observadores. Nos oponemos a cualquier tipo de represión de la oposición.

Nosotras/os, como académicos e investigadoras/es trabajando sobre y/o en Turquía, declaramos que no formaremos parte de esta masacre manteniendo silencio y exigimos el final inmediato a la violencia perpetrada por el estado. Continuaremos abogando con partidos políticos, el parlamento, y la opinión pública internacional hasta que nuestras demandas sean cumplidas.

В качестве учёных и исследователей этой страны, мы отказываемся становиться соучастниками этого преступления!

Турецкая республика нарушает практически все права и свободы, как право на жизнь, свободу и безопасность, запрет пыток и жестокого обращения, защищённые Конституцией и международными конвенциями, в Суре, Сильване, Нусайбине, Джизре, Силопи и многих других местах буквально обрекая граждан на голод и жажду в условиях комендантского часа, атакуя поселения тяжёлым оружием, используемым только на войне.

Это преднамеренное и спланированное уничтожение является тяжёлым нарушением как собственных законов Турции, так и международных соглашений и норм международного права обязательного характера.

Мы требуем от государства срочно прекратить политику геноцида и намеренной депортации, отменить комендантский час, определить и наказать ответственных за нарушение прав человека, определить и возместить моральный и материальный ущерб, нанесённый введением комендантского часа, для этой цели дать разрешение национальным и международным независимым наблюдателям на въезд в зоны разрушения, наблюдение и отчёт.

Мы требуем от правительства создания дорожной карты, учитывающей политические требования курдского народа, а также подготовки условий переговоров и создания решений для стабильного перемирия. Мы требуем доступа к мирным переговорам независимых наблюдателей из широких слоёв общества, а также заявляем о нашем желании принять участие в этом наблюдении в качестве добровольцев. Мы выступаем против всех санкций правительства, направленных на подавление оппозиции.

Мы требуем прекращения насилия государства против собственных граждан, заявляем о том, что в качестве учёных и исследователей этой страны мы отказываемся соучаствовать в этой бойне, сохраняя молчание; до тех пор, пока эти наши требования не будут исполнены, мы заявляем, что будем непрерывно поддерживать контакт с политическими партиями, парламентом и международной общественностью.

Ως πανεπιστημιακοί και ερευνητές δεν θα γίνουμε συνένοχοι σε αυτό το έγκλημα!

Το τουρκικό κράτος, μέσω της απαγόρευσης της κυκλοφορίας που έχει επιβληθεί εδώ και εβδομάδες, έχει στην ουσία καταδικάσει στην πείνα τους πολίτες των πόλεων Sur, Silvan, Nusaybin, Cizre, Silopi, και πολλών άλλων πόλεων και περιοχών στις Κουρδικές επαρχίες. Έχει πραγματοποιήσει εκεί επιθέσεις με βαριά όπλα και εξοπλισμό που χρησιμοποιούνται μόνο σε περιόδους πολέμου. Παραβιάζει τα θεμελιώδη ανθρώπινα δικαιώματα που προστατεύονται από το σύνταγμα και τις διεθνείς συμβάσεις τις οποίες το ίδιο έχει υπογράψει: το δικαίωμα στη ζωή, την ελευθερία και την ασφάλεια, και ειδικότερα απαγόρευση του βασανισμού και της κακομεταχείρισης κρατουμένων.

Αυτή η σκόπιμη και σχεδιασμένη σφαγή συνιστά παραβίαση του διεθνούς δικαίου, της τουρκικής νομοθεσίας αλλά και υποχρεώσεων που προκύπτουν από τις διεθνείς συμβάσεις που έχει υπογράψει η Τουρκία.

Απαιτούμε να σταματήσουν οι σφαγές και οι αναγκαστικές εκτοπίσεις που πλήττουν τον πληθυσμό των Κούρδων και άλλων ομάδων που ζουν στην περιοχή.

Απαιτούμε την άρση της απαγόρευσης της κυκλοφορίας που έχει επιβληθεί, τον εντοπισμό και την τιμωρία όσων ευθύνονται για παραβιάσεις των ανθρωπίνων δικαιωμάτων καθώς και την αποζημίωση των πολιτών που έχουν υποστεί υλική ή ηθική βλάβη. Για το σκοπό αυτό, ζητάμε να δοθεί πρόσβαση στην περιοχή σε ανεξάρτητους παρατηρητές ή οργανώσεις από την Τουρκία ή το εξωτερικό προκειμένου να καταγράψουν και να διερευνήσουν τα γεγονότα.

Απαιτούμε από την κυβέρνηση να καταβάλει προσπάθεια ώστε να αρχίσουν διαπραγματεύσεις και να καταρτιστεί ένας οδικός χάρτης για την διαρκή ειρήνευση στην περιοχή, ο οποίος θα λαμβάνει υπόψη τα αιτήματα του Κουρδικού πολιτικού κινήματος. Απαιτούμε σε αυτές τις διαπραγματεύσεις να συμμετάσχουν ανεξάρτητοι παρατηρητές που να προέρχονται από την κοινωνία των πολιτών. Εκφράζουμε επίσης την προθυμία μας να αναλάβουμε εμείς εθελοντικά αυτό τον ρόλο. Είμαστε αντίθετοι σε κάθε μέτρο που αποσκοπεί στη φίμωση της αντιπολίτευσης.

Εμείς, ως πανεπιστημιακοί και ερευνητές που εργαζόμαστε στην Τουρκία ή στο εξωτερικό, δηλώνουμε ότι δεν θα γίνουμε συνένοχοι σε αυτήν τη σφαγή διά της σιωπής μας. Απαιτούμε να δοθεί ένα άμεσο τέλος στη βία που ασκεί το τουρκικό κράτος εναντίον των πολιτών του. Ενόσω τα αιτήματα αυτά δεν ικανοποιούνται θα συνεχίσουμε να παρεμβαίνουμε στα πολιτικά κόμματα, στο κοινοβούλιο και στη διεθνή κοινή γνώμη.

Προσθέστε την υπογραφή σας, αποστέλλοντας το όνομα, την ιδιότητά σας και την ονομασία του πανεπιστημίου/σχολής/τμήματος όπου εργάζεστε στην ηλεκτρονική διεύθυνση: info@barisicinakademisyenler.net .
